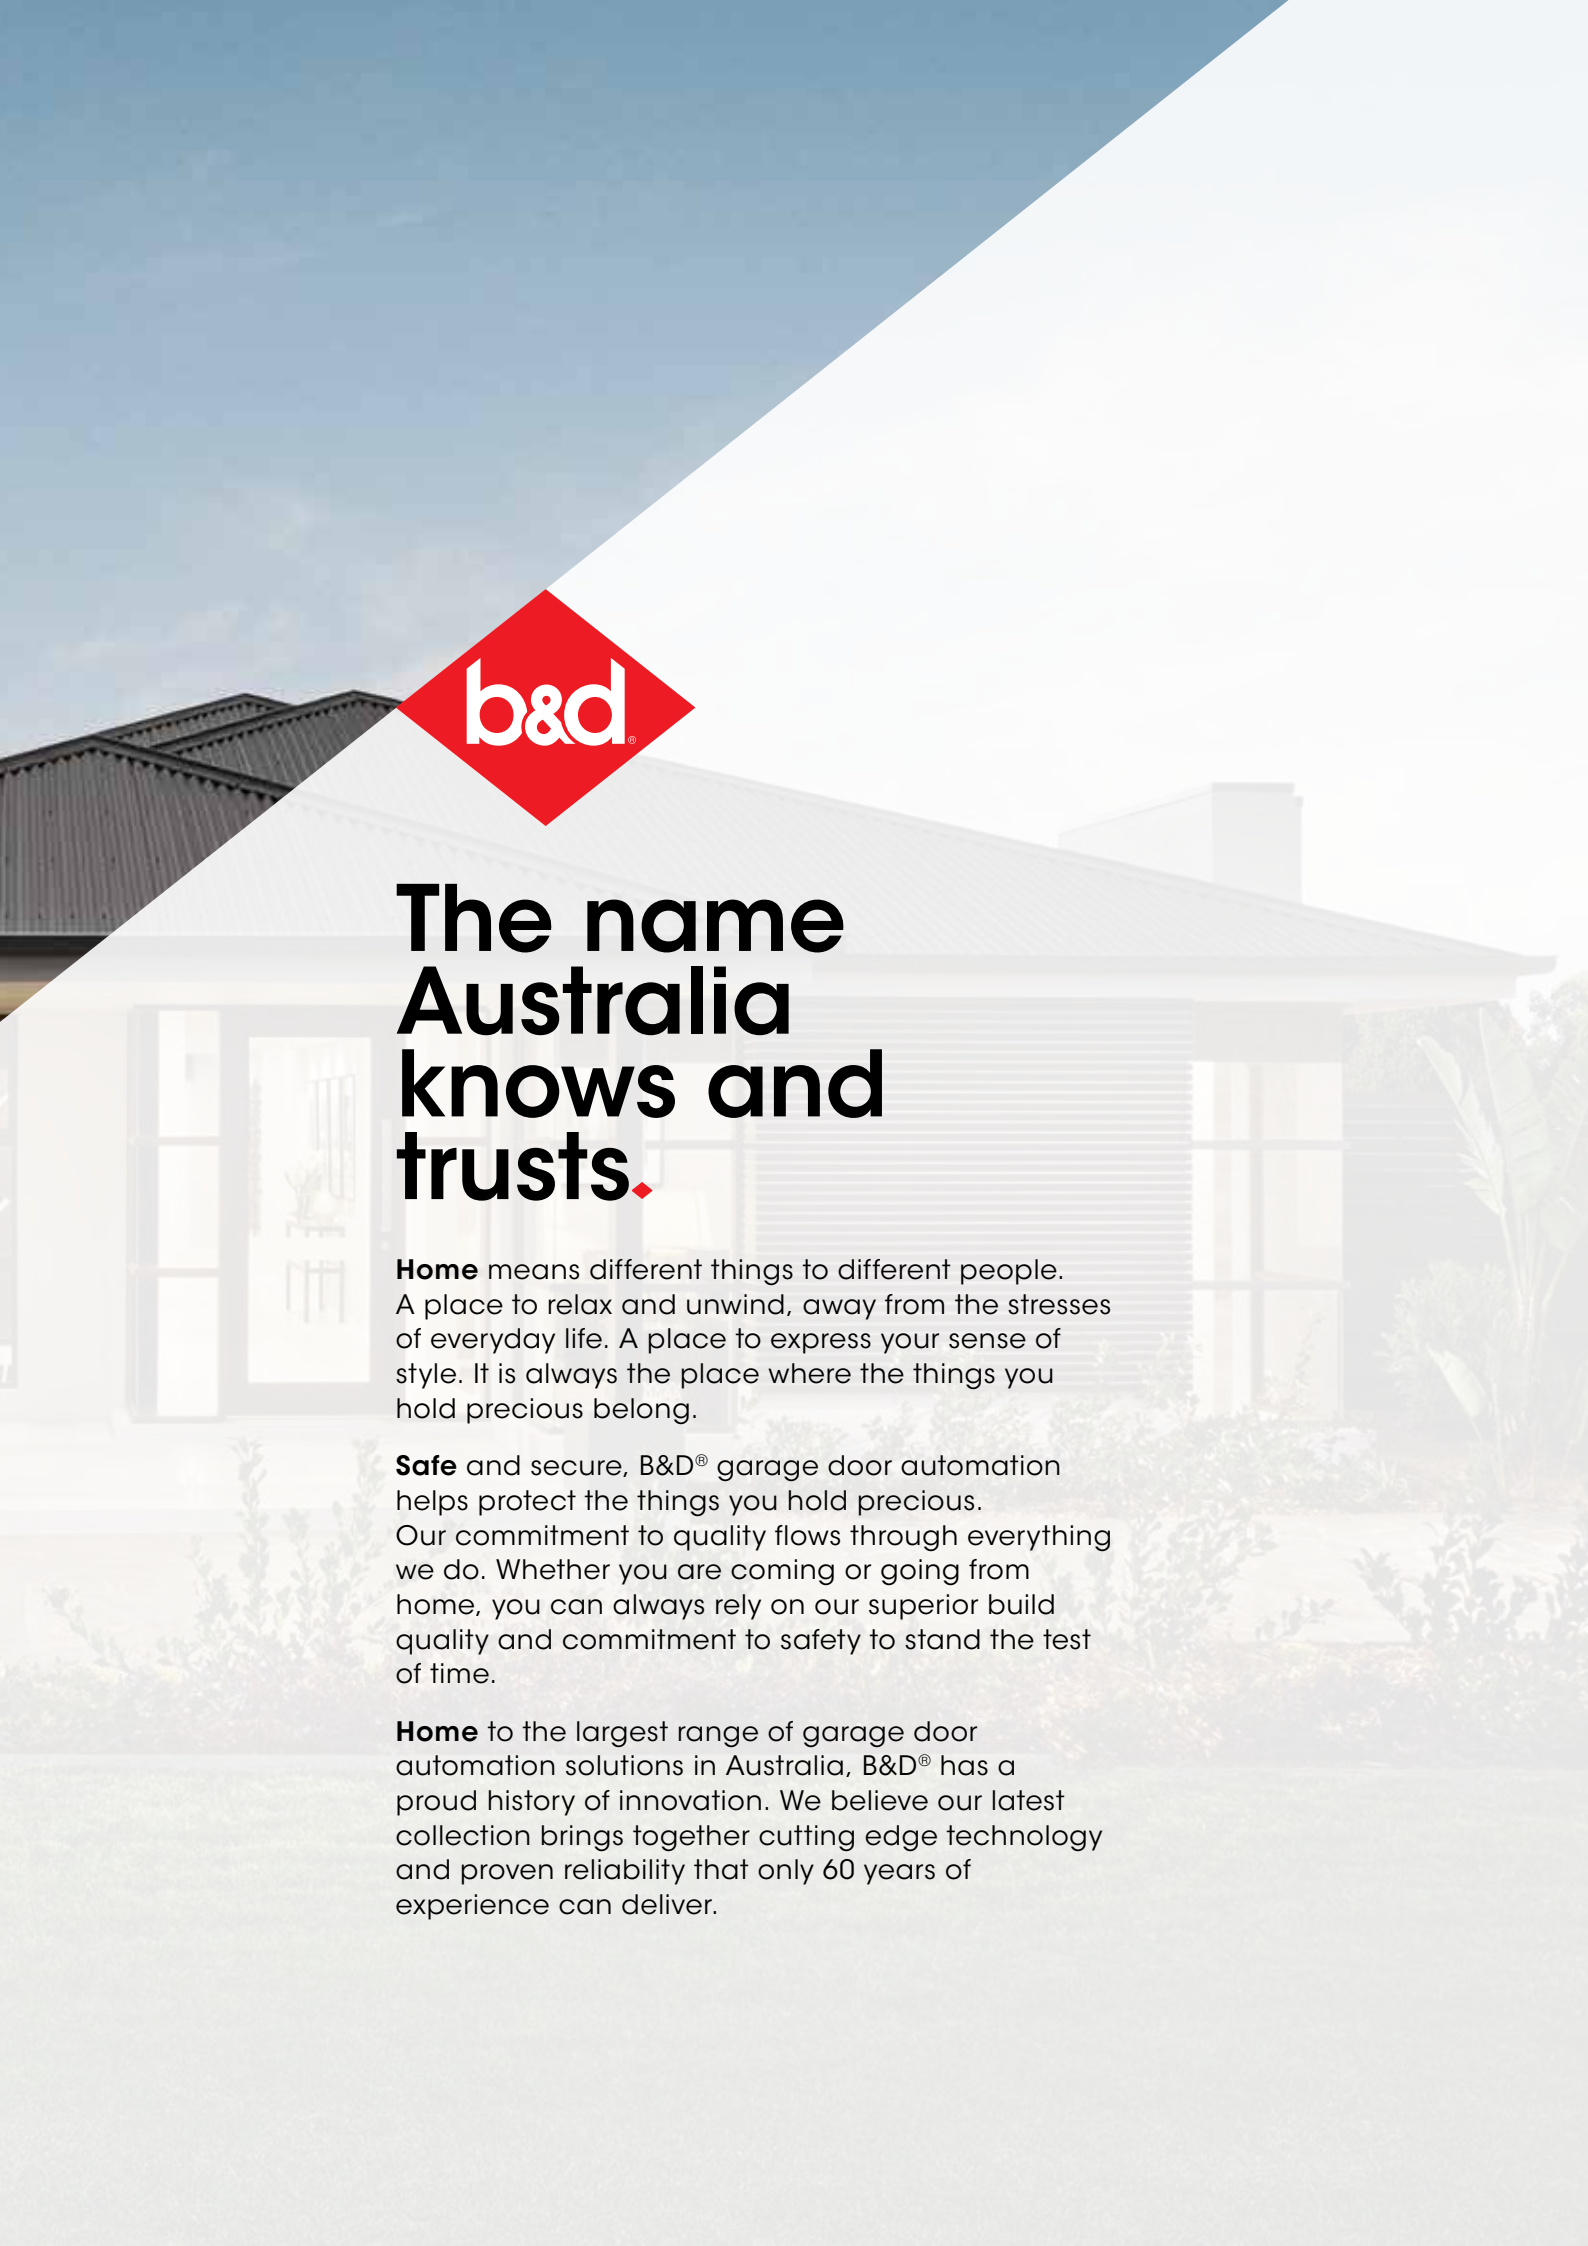
home®



The name Australia knows and trusts.

Home means different things to different people. A place to relax and unwind, away from the stresses of everyday life. A place to express your sense of style. It is always the place where the things you hold precious belong.

Safe and secure, B&D® garage door automation helps protect the things you hold precious. Our commitment to quality flows through everything we do. Whether you are coming or going from home, you can always rely on our superior build quality and commitment to safety to stand the test of time.

Home to the largest range of garage door automation solutions in Australia, B&D® has a proud history of innovation. We believe our latest collection brings together cutting edge technology and proven reliability that only 60 years of experience can deliver.

Controll-A-Door®

7 YEAR WARRANTY

Garage door automation for sectional & rolling doors.

Australians have trusted B&D's garage door automation products for decades. Our latest Controll-A-Door® range builds on our rich heritage by combining smooth and reliable operation with a range of features that help protect your family and belongings.

- DC motor with soft start/soft finish delivers smooth and quiet operation
- Secure Tri-Tran+ technology
- Automatic courtesy light
- Ready for Smart Phone control
- Includes 2 x Premium Remotes and Wall Mount Remote Control
- Auto-lock compatible (sectional only)
- Reliable operation year after year
- Suits single and double sized doors

Designed to exacting standards in Australia, the Controll-A-Door® range is made to work in unison with your B&D door year after year.

The Controll-A-Door® openers can be fitted to an existing garage door or can be installed at the same time as a new garage door. The motors are specifically designed for use on a variety of different sizes and types of B&D garage doors and are backed up by our 7-year warranty.

Smart Phone. Control Kit

Have you ever left the house in the morning and thought, "Did I remember to close the garage door?".

Phone not included

B&D® Smart Hub

An open garage is an open invitation for unwanted entry so it pays to know that you can control your door while you are away from home with B&D®. The kit allows you to monitor and control your garage door while you are at work or even on holidays from your compatible smart phone*.

Best of all, the kit is available for both Rolling and Sectional style garage doors.

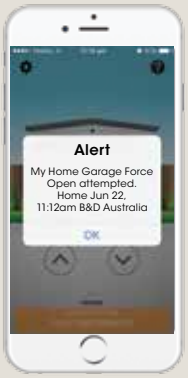
Scan QR code to download App for Android devices

Available on the App Store

ANDROID APP ON Google play

* Subject to cellular and WiFi connection and availability.
Note - Kit includes Smart Hub & accessories. Phone not included.

Smart Phone Control is a great solution for those who carry a smart phone all the time.

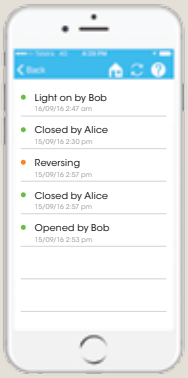


YOUR SILENT ALARM

The B&D® App features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.

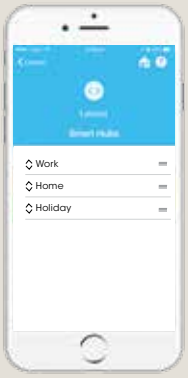


ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.

TOTAL CONTROL

The B&D App allows authorised users to operate the garage door without a remote. Give access to as many users as you like or remove access at the click of a button.



MULTIPLE DEVICES IN MULTIPLE LOCATION

Through the App, you can control multiple garage doors and compatible gates in more than one location (eg. your home garage door, your business or holiday home garage door).

Auto-Lock.

All new wireless lock technology delivers a new level of protection and security.

Our new smart keyless technology will automatically lock your garage door every time you close it using nothing but your regular remote control or smart phone*.

This device will slide a bolt into the guide track automatically when the door is closed. This means the Auto-Lock does not require any additional action from you to operate.

Don't just close it, Auto-Lock it!

The lock more than doubles the force required at the lock point to lift the door from a closed position#, helping protect your home and loved ones.

Available to use on most B&D sectional garage doors when coupled with a compatible B&D garage door opener. Ask your B&D representative for details.

#based on a door using an engaged automatic opener

* Subject to cellular and WiFi connection and availability.

Security Upgrade.

For total peace of mind, combine B&D Smart Phone Control Kit with an Auto-Lock to receive real time alerts and notifications.
